ORA diagnostic: selected terms include non-significant results
KEGG: Proteoglycans in cancer
KEGG: Pathways of neurodegeneration - multiple diseases
KEGG: Nicotine addiction
KEGG: Neuroactive ligand signaling
KEGG: IgSF CAM signaling
KEGG: Huntington disease
KEGG: Gap junction
KEGG: ECM-receptor interaction
GO_BP: regulation of synaptic plasticity
GO_BP: regulation of dendritic spine development
GO_BP: neuron projection organization
GO_BP: dendritic spine organization
GO_BP: dendritic spine development
GO_BP: dendrite morphogenesis
GO_BP: dendrite development
GO_BP: chemical synaptic transmission
